WHO WE ARE

Bill and LeAnn Luemmen founded KC Restoration in 2011. They desire to achieve the same goals they set in their previous law enforcement and education careers of improving lives and communities. Our city is more beautiful and our employees are healthier and prosperous. Several employees have purchased their first homes, quit smoking, and advanced their careers.

Bill is always pursuing research and development to increase our abilities, skills and effectiveness. LeAnn's passion is the people and makes KCR a great place to work by finding ways to challenge and support each other.
