

Escalator Cleaning

Escalator cleaning doesn't have to be a time-consuming, expensive endeavor that inconveniences your customers. KCR is the only company in the KC Metro area that has a specialized escalator cleaning machine that allows us to clean the risers and steps at the same time. Our services include the removal of dirt, grease, oil, and stains from the risers and steps. No more waiting a week as your escalator is dismantled and pressure washed—your business will shine in one overnight shift!

	Traditional Cleaning	KCR Cleaning
 Time	Typically at least a week	One shift, after hours
 Added Value	Approach plates not typically cleaned	Our technicians will deep clean the approach plates at the top and bottom of each escalator as part of the service
 Cost	\$10,000 or more	Typically 25% of the cost of a traditional cleaning
 Frequency	Escalators are typically only cleaned during maintenance visits	Escalators can be cleaned between maintenance visits to maintain a more consistent shine
 Safe Materials	Some cleaning methods and materials can be harsh and damage escalators.	KCR equipment and chemicals will not damage escalators or paint. We only use Certified Environmentally Safe Cleaning Products.
