WHO WE ARE

LeAnn Luemmen founded KCR in 2011 to beautify and preserve Kansas City and add value to every project and person we work with. We help building managers achieve their goal of attracting and maintaining tenants, customers, visitors, and employees. Our clients range from small businesses to large, high-profile corporations.

LeAnn's dedication to the KCR team has transformed it into an exceptional workplace, where mutual support and encouragement are the norm. Her leadership has enabled numerous employees to achieve significant personal milestones, such as buying their first homes, quitting smoking, and advancing their careers. As the leader of KCR, she has found a platform to pursue her passion for assisting others.
